

Sensory Rice Kit Parent/Caregiver Guide:

Please return the sensory kit in the condition you received it with all items included.

Contents:

Rice

Planets (8)

Stars (35)

Warning!

Please be advised there are small parts and there is a choking hazard, so we require parent/caregiver supervision when a child is playing with the kit.

Instructions:

Thank you for letting your child use our Sensory Kits! These kits are fun and educational tools that you can incorporate all five of “The Basics” with in a single sitting. “The Basics are five fun, simple, and powerful ways to help all our children become the happiest and most successful they can be!” (Please see back for more detailed explanation of the Basics or ask a library staff person for more information)

Maximize Love, Manage Stress:

While your child uses this kit: play with them and encourage them during the activities.

Talk, Sing, and Point:

While your child uses this kit: listen and respond to what they say, ask questions, and use your hands to point to objects you talk about.

Count, Group and Compare:

While your child uses this kit: Compare sizes, look for shapes, match and sort, count objects and group them.

Explore Through Movement and Play:

While your child uses this kit: use the guided activity sheets and play with your child, but don't forget to let them problem solve. In other words, let them try and solve a problem by themselves, but give them enough help so they can keep going and don't give up.

Read and Discuss Stories:

Before or after your child uses this kit, choose a book or ask the library staff person for a book to read and discuss with your child.

Sensory Sand Kit Parent/Caregiver Guide:

Please return the sensory kit in the condition you received it with all items included.

Contents:

6 lbs – Kinetic Sand

Space Toys

Sand Toys

Warning!

Please be advised there are small parts and there is a choking hazard, so we require parent/caregiver supervision when a child is playing with the kit.
